Remarks:

- VAT shall be applied in accordance with the effective Tax Legislation.
- Supplementary goods are goods with the same CNFEA code, country of origin, etc., but allocated as separate goods in accordance with the legislation of the Customs Union and the Republic of Belarus. Shall be applied when the number of goods is over 10 in one GD, DCV-1, DCV-2, ACV.
- The cost of external storage device is not included in the tariff.
- The tariff is established for one consultation or provision within 30 minutes. The providing of a service for a period of time less than 30 minutes is considered as one provision. Payment is determined on the basis of the applicable tariff and the number of consultations or provisions.
- When making payment for the custom clearance services in Belarusian Rubles (BYN), Euro (EUR) or Russian Rubles (RUB), the tariff rate is determined by the established tariff in US Dollars (USD) and the official exchange rate of the respective currencies specified by the National Bank of the Republic of Belarus on the date of issuance of Acceptance Certificate of work performed (services rendered). The resulting tariffs are rounded to two decimal places according to the arithmetic rules.
